WELCOME

THANK YOU FOR YOUR INTEREST IN SHELTER DOME'S OFFER OF GLAMPING GEODOME TENTS.

Shelter Dome has been operating since 2017 and specializes in sphercial structures of steel material. Our team of experts continually expand their experience and expertise in line with the latest technologies and materials. We manufacture tents since 2003.

We are a China based company and provide delivery and assembly services worldwide. Since 2014, we are also registered in US, where we have a constantly expanding warehouse of structures available for sale. Also, we own experienced distributor center in Japan, Australia, Italy, Panama and Chile.

We strive for quality and lasting results and can proudly boast that our products are recognized and successfully used worldwide by a wide range of prestigious clients. We have implemented hundreds of events and permanent projects in over 30 countries. Our all-weather, built-to-last tents can be found in places as varied as Japan, United States, New Zealand, United Kingdom, Iceland and Australia.

We specialize in construction, design and delivery of the highest quality dome tent products. We pay attention to detail and adapt to the size and need of each individual order. We are committed to excellence, service and customer satisfaction - as evidenced by our many satisfied clients.

We are also experienced at implementing comprehensive projects including the planning, designing, production and delivery of objects such as hotel complexes, glamping resorts and retreats.
